Awards

Winner - UI/UX Design Competition (Intercollege Level)

- Designed and developed an engaging Kids Playzone Website with a focus on vibrant visuals and intuitive navigation.
- Created a user-friendly interface ensuring a fun and safe digital space for children.
- Integrated creative design elements and interactive features to enhance user experience.
- Applied strong skills in wireframing, prototyping, and various design tools throughout the project.

Projects

Notes app

- Developed a user-friendly Notes App using HTML, CSS, and JavaScript. The app allows users to:
- Add and manage notes effectively.
- Note down important incidents, reminders, or key points to remember.
- Provides a clean and organized interface for better user experience.

E-commerce Website - Frontend Development using React.js

- Developed a dynamic E-commerce Website using React.js with an intuitive user interface.
- Implemented a product selection feature where users can browse items easily.
- Integrated a shopping cart functionality allowing users to add, remove, and manage products before checkout.
- Utilized React state management to ensure smooth data flow and enhance user experience.
- Focused on improving performance, ensuring fast loading times and seamless navigation.

Organisations

ITC

Activity leader

- Served as an Activity leader in the Marketing Team at ITC Company, where responsibilities included:
- Managing and coordinating staff to ensure smooth execution of marketing activities.
- Engaging with customers to promote product awareness and encourage involvement.
- Organizing interactive sessions and events to boost customer interest in ITC products.
- Ensuring efficient communication between the team and customers to enhance brand engagement.
- This role improved my leadership, communication, and organizational skills.
